Vice President Richard Beardsley called the meeting to order at 10:05 a.m.

**New Business:**

Richard Beardsley told Julie Logan that the funds had been moved to Fidelity and asked for her opinion on the matter. Julie Logan stated that “Mrs. Ledbetter’s intent was for the money to stay in the Charles Schwab account”. She went on to state “the money is now only in the corporation’s name”. She then stated “So really the money has nothing to do with her. It was just a donation and so really there was no reason for them to be here because the money is yours.” Alan Logan echoed that sentiment later.

Ray Reynolds gave an overview of the fund’s allocation, performance, and fees from Mercer.

Chief Green and Deputy Chief Cobb gave a presentation on the availability of a new ambulance at a discounted price. In addition, they covered the ongoing maintenance expenses.

A discussion ensued concerning the purchase of a new ambulance. Julie stated “Then I would feel like you should just use that money to get the ambulance if you really need it”.

Julie reiterated several times that the funds should only be spent on the EMS.

Vice President Richard Beardsley adjourned the meeting at 10:30 a.m.
